

兔抗 PIDD1 多克隆抗体

中文名称：兔抗 PIDD1 多克隆抗体

英文名称： Anti-PIDD1 rabbit polyclonal antibody

别名： LRDD; PIDD

相关类别： 一抗

抗原： PIDD1

储存： 冷冻（-20℃）

宿主： Rabbit

反应种属： Human

标记物： Unconjugate

克隆类型： rabbit polyclonal

技术规格

Background:

The protein encoded by this gene contains a leucine-rich repeat and a death domain. This protein has been shown to interact with other death domain proteins, such as Fas (TNFRSF6)-associated via death domain (FADD) and MAP-kinase activating death domain-containing protein (MADD), and thus may function as an adaptor protein in cell death-related signaling processes. The expression of the mouse counterpart of this gene has been found to be positively regulated by the tumor suppressor p53 and to induce cell apoptosis in respon

	se to DNA damage, which suggests a role for this gene as an effector of p53-dependent apoptosis.
Applications:	ELISA, IHC
Name of antibody:	PIDD1
Immunogen:	Fusion protein of human PIDD1
Full name:	p53-induced death domain protein 1
Synonyms :	LRDD; PIDD
SwissProt:	Q9HB75
ELISA Recommended dilution:	2000-5000
IHC positive control:	Human thyroid cancer and human brain
IHC Recommend dilution:	50-200
